AFFILIATE APPLICANTS MUST ALSO COMPLETE THIS SECTION

One of the many ways to increase your company's competitive edge and involvement in the HBAF is by adding your employees and co-workers as Affiliate Members. An Affiliate Member receives the same benefits of membership at the local, state and national level but at a fraction of the price of the primary company's membership.

**Affiliate Membership's must always have a primary active Builder or Associate membership under which they fall. Affiliate members must have the same company name and address as the primary company but may have a different mailing address. Affiliate's that list a different company address will by default be given the primary company's address. In the event that a primary company does not renew its membership, all affiliate memberships will lapse.
